

Shaykh Muhammad as-Subayyil defends Shaykh Amaan and Shaykh Rabee

Question: What is your advice for those who shun and prohibit the tapes of the well-known scholars of Ahlus Sunnah such as Shaykh Muhammad Amaan al-Jaamee may Allah have mercy upon him and Shaykh Rabee ibn Hadee Al Madkhali, such that they say the tapes of Shaykh Rabee instigate Fitna?

Shaykh Muhammad as-Subayyil: I seek refuge with Allah, I seek refuge with Allah. No. The tapes of these two Shaykhs are from the best tapes. They call to the Sunnah and to holding firmly to the Sunnah. No one speaks against them except a person of desires. Most of the people who speak against them are the people of Hizbiyyah those who ascribe to a particular partisan group. These are the individuals who disapprove of their tapes. As it relates to these two Shaykhs they are well-known for adhering to the Sunnah and the Aqeedah of the Salaf and they are from the best of people.
