□ *Daesh* (in Arabic) are the initials for 'Dawla al-Iraq wa Shaam al-Islaami. [Islamic state of Iraq and Shaam¹ & in English termed as ISIS²] ³

- They do not know anything of Islaam except for the word 'Islaam', they are the most ignorant about Islaam.
- This misguided sect came from the *Khawarij*⁴ *al-Qa'ida* movement, the grandchildren of Abdurahman bin Muljam. [The evil dog who assassinated Ali *RadhiAllaahu*]
- The *al-Qa'ida* movement was the mother whilst *Daesh* and *Jabha an-Nusrah* are the children.

⁴ The description of the *Khawarij*:

Narrated by Zaid bin Wahb al-Juhani who reported: That he was amongst the army which was with Ali -*Radhi Allaahu anhu*- and which went out against the *Khawarij*. Ali -*Radhi Allaahu anhu*- said:

«O people, indeed I heard the Messenger of Allaah -*sallAllaahu alayhi wa sallam*- say:

«There would arise from my *Ummah* a people who would recite the *Qur'aan*, and your recital would seem insignificant compared with their recital, as would your prayer as compared with their prayer, and your fast, as compared with their fast. They would recite the *Qur'aan* thinking that it supports them, whereas it is an evidence against them. Their prayer does not get beyond their throats..[Bukhari]

○ The children (ISIS) have begun making *Takfeer*⁵ of each other and killing each other as was the condition of their forefathers, the Najdaat and the Azaariga who made *Takfeer* of each other and killed each other.

○ So the children (ISIS) repeated the history of their fathers in making *Takfeer*, treachery and cheating.

Moreover the children - meaning Daesh - have even more extreme exaggeration than their forefathers.

○ The Khawarij of old used to make *Takfeer* of those who committed major sins. As for Daesh and those similar to them make *Takfeer* of both, those who commit major and minor sins!!!

○ When they make *Takfeer* of one of the Muslims ➡ they 'declare his blood, wealth and honour lawfully to be taken.'

○ I have been informed from the trustworthy people of Shaam:

That if Daesh make *Takfeer* of someone:

- they carry out capital punishment for apostasy by being shot to death.

- they take his wealth as spoils of war for the stockpile reserves for the Muslims.

- they take the women folk of Shaam as slaves and they carry out lewd acts on them, with the argument that these women are what the right hand possess.

- it has also been affirmed that they carry out pedophilia with the children of the Muslims and refuge with Allaah is sought.

○ they are filthier than the Jews and Christians and more defiled than the saliva of dogs.

□ **The Khawarij** swear allegiance with the *Shia* against the people of *Sunnah*:

- when the Khawarij rebelled against the rightly guided Khalifa Uthmaan bin Affan - *RadhiAllaahu anhu* - there was with them Abdullaah bin Saba a senior from the *Shia* and along with some of those people who came from the land of Yemen, they entered along with the Khawarij and killed Uthmaan -*RadhiAllaahu anhu*.

⁵ Excommunicating Muslims and placing them outside the fold of Islaam.

See: <http://followingthesunnah.wordpress.com/2008/02/02/warning-against-the-fitnah-of-takfeer/>

○ Today this is Daesh which takes oaths of allegiance with the Shia Nusayreeya.

- they fight against the people of *Sunnah* in the land of *Shaan*; they have no mercy upon the young, or old, or those of intellect, nor the insane, or a woman or a baby.

- they display the dead bodies of the Muslims and set fire to them.

- the *Hadeeth* mentions: 'The Prophet - *alayhi salat wa sallam* - prohibited mutilation and displaying the dead body.'

- it is affirmed from the Messenger - *alayhi salat wa sallam*:

أنه إذا أمر أميراً أو صاه بتقوى الله وقال لهم اغزوا ولا تغدروا ولا تمثلوا ولا تقتلوا امرأة (ولا شيخاً ولا صبيّاً)

'When he would appoint a leader, he would advise him with having *Tagwa* of Allaah. He would say to them go to battle, do not be treacherous, do not mutilate and display the body, do not kill a woman, old person nor a child.'

○ The Khawarij hate the leaders of the Muslims and they make *Takfeer* of them:

- the Khawarij were not pleased with the authority of the Amir al - Mumineen Ali bin Abi Talib -*RadhiAllahu anhu*.

- they broke their oath of allegiance. . . and they made *Takfeer* of him and those who were with him....

- they waged war against him and they killed him treacherously when he came out to pray the *Fajr* prayer.

○ This is Daesh

- 'they make *Takfeer* of the rulers of the Muslims.'

- 'they make their blood lawful to take.'

- 'rather they make *Takfeer* of everyone who opposes them from the Muslims.'

- 'they wish to remove the Islaamic countries, because they do not view them as Islaamic countries, rather they view them as countries of disbelief. This was the *Ajeedah* of the destructive Sayed Qutb, a leader of the *Takfeeris* (those who excommunicate Muslims) of the modern times.

○ The Messenger of Allaah - *alayhi salat wa sallam* - said:

(يقتلون أهل الإسلام ويتركون أهل الأوثان)

'They kill the people of Islaam and leave off the people who worship idols.'

- The forces of Daesh try to wipe out the Muslims in the country of Shaam whilst the Muslims say *La ilaha illa Allaah*.
- Just like the forefathers of Daesh did so when they killed the Muslims in Basara; they killed Abdullaah bin Khabbab bin al-Araat⁶ and threw him in a river. Then they cut open his wife's belly and took out the baby and threw him in the river as well.
- They would cut off the highways in Basra, kill the Muslim and let go the Christian.
- The Messenger of Allaah ~ alayhi salat wa sallam ~ said :

(لزوال الدنيا أهون عند الله من قتل مسلم بغير حق)

The whole of the Duniyaa being destroyed is lesser to Allaah than unlawfully killing a Muslim.'

□ The Daesh forces:

- The Daesh forces consist of a number of nationalities from different countries, from them:
 - ~ the people of Morocco, they are the extremist of the people in excessively making *Takfeer*.
 - ~ the people from Iraq and they are those who carry out killings, looting, plundering and crucifixion.
 - ~ those from the people of the Arabian Gulf carry out suicide operations.
 - ~ those from Chechnya are war commanders in Daesh.
 - ~ those from the people of Sham from the Baith party are spies and traitors. They inform Daesh of the homes of Syrians so they can kill them.

□ This is some of what I have heard about this misguided sect, dogs of the Hell fire. I ask Allaah Ta'ala to hasten their destruction.

⁶ Abdullaah bin Khabbab bin al-Araat was a companion and a son of a companion of the Messenger -SallAllaahu alayhi wa Sallam. It is mentioned that he was from the early ones born into Islaam.
