

The Salafis have many noble scholars

Question: Who are the scholars that you advise us to take from, especially in Riyadh?

Shaykh Rabee: You have (in Riyadh) – inshaAllah – **many noble scholars**; from them are the Mufti (Shaykh Abdul Aziz Āli Shaykh) and Shaykh Ghudayān, and Shaykh Fawzan, and Shaykh Salih Āli Shaykh. And the people of Mecca are most knowledgeable about its people. You all are from Riyadh and more knowledgeable about the people in Riyadh. Perhaps there are people there whose names are absent from my mind – may Allah bless you; and those you know, from the people you view to be upon the methodology of the pious predecessors.
